

Naming Opportunities

Only a few naming opportunities remain at the Alumni Center and through Association Awards programs.

Naming a room or other area at the Alumni Center has provided other donors with a lasting legacy for their family or business. The Center is a popular destination for a diverse group of users with nearly 60,000 visitors per year for events.

The Association provides activities and awards to recognize and reward achievements and to provide alumni with the opportunity to engage with each other. We take pride in providing a lifelong link between graduates and their alma mater, bringing together alumni and friends on campus, across the country and around the world.

Alumni Center
